

Invitation to the ADNeT Registry 2023 Annual Report Launch Webinar

Please join us for the virtual launch of the **Australian Dementia Network (ADNeT) Registry 2023 Annual Report**.

In this webinar, we will present key findings from the report and delve into the roles the registry will play in 2024 and beyond. We will also showcase examples of how the registry supports service evaluation and growth at participating services, engages with people with living experience of dementia, their families and carers, and contributes to policy development.

You will have the opportunity to ask questions with our panel of expert dementia researchers, clinicians and guests at the end of the webinar.

Register today to join us:
